

## From the Principal's Office 11-5-2020

Some key items from today's update include:

- Please be sure to stay vigilant in the fight against COVID. The governor today asked all Iowans to step up to help stop the spread. Please be sure to stay home when you are ill, wear a mask, socially distance when possible, avoid large gatherings when possible, and frequently wash and sanitize your hands.
- To keep our quarantine numbers down it's critically important for students to wear masks correctly and consistently. A student who has a positive test result that is not wearing a mask correctly and consistently requires all close contacts to have to quarantine, even if the close contacts are wearing masks properly. Please remind your children to do their part and help others to be able to stay in school by wearing masks correctly and consistently in close contact situations while at school or school activities.

You can sign up through Sunday night, November 9th, for a conference time at the following link: <https://signup.com/Group/1157024110695816086/> Links to participate in Wednesday's virtual conferences will be emailed on Monday the 9th.
